

Resume — Ayush

Hi, I'm **Ayush**, a 12-year-old 8th grader passionate about technology, web development, and design. I love building creative websites with modern designs, smooth animations, and user-friendly experiences. Even at a young age, I'm continuously learning advanced web technologies to become a professional developer and designer.

Skills

- HTML, CSS, and JavaScript basics with creative design focus
- Beginner with React and Tailwind CSS for modern UI
- Experience creating responsive websites with animations
- Strong interest in UI/UX design and micro-interactions
- Ability to create portfolios, landing pages, and simple web apps

Projects

- 1. Personal Portfolio Website:** A stylish, animated portfolio to showcase my skills.
- 2. Login Page UI:** A sleek and modern login page design with smooth animations.
- 3. Mini Web Apps:** Small projects like calculators, to-do lists, and interactive pages.

Goals

- To master front-end frameworks like React and Next.js
- To become a skilled full-stack web developer
- To create unique, premium-looking websites for clients
- To keep learning and stay updated with the latest web trends
